Licensed Backflow Testers List Requirements

The following items shall be submitted and reviewed prior to companies being placed on the most current "Approved Backflow Testers list".

*****Starting in 2012, Garden City will no longer require backflow testers to obtain a Garden City vendors license*****

- Copy of current liability insurance - minimum \$ 500,000
- Copy of test equipment certificate of calibration. Must include date of calibration and serial number. Current certificate required for each test kit used.
- Copy of current Idaho BAT license for all testers who will be testing for your company.

**Copies of the above items can be faxed to (208) 343-4026 – or mail to:
Attn: Jim Bodnar
City of Garden City Public Works Department
6015 Glenwood Street
Garden City Idaho - 83714**

This list of the requirements will be provided for each applicant who desires to be placed on the above mentioned list. It is also available on Garden City's website: <http://www.gardencityidaho.org/>

For further information please contact Jim Bodnar at (208) 472-2949 ext. 123
